PLATFORM AGORA

(Active Communities for Development Alternatives)

- Bulgarian NGO registered in 2008, working actively with more than 110 Chitalishtes (*Chitalishte is a unique, traditional, community based, non-profit organization with cultural-educational functions*).
- Applying “AGORA” approach – a model for stimulation of the civic participation for finding solutions to local issues through the Chitalishtes using their resources and opportunities.
- Supporting and assisting the Chitalishtes in their efforts to strengthen the civic role and develop as community centers with cultural, educational, informational, social and civic functions.
- Designing and applying new policies and approaches for development of active communities aimed at better quality of life.

Platform AGORA is supported by:
